EXAMINER'S COMMENTS

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

There is a letter missing in the third inventor's name. "H tta" should read "Hotta".

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth above. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

REASONS FOR ALLOWANCE

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 3744

As per independent claim 1, the prior art (and in particular Hebert) does not teach the refrigeration cycle system as recited, and in particular the variable throttle valve being actuated in response to a level of subcooling of a refrigerant detected at an outlet of the high side pressure refrigerant of the refrigerant-to refrigerant heat exchanger.

As per independent claim 13, the prior art (and in particular Hebert) does not teach the valve details as recited in original claim 8.

As per independent claim 14, the prior art does not teach the refrigeration cycle component as recited, and in particular the subcooling detecting member generating a mechanical displacement in response to a subcooling detected from the refrigerant in the high pressure refrigerant passageway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
